Part B for February 1905

SUBJECT

Improvement of the Shimoga Town

FILE No MI 349 of 1904-05

Improvement of the Shimoga Town.

1 From the President of Municipalities, Shimoga District, No 534—97, dated 26th July 1904.

Requests sanction to a special grant of Rs 5,000 for forming an extension providing accommodation to the families displaced by the demolition of their houses in opening out the congested parts of the Shimoga Town, and states that the grant applied for may be sanctioned either as a supplemental one to the allotment of Rs. 30,000 sanctioned for the drainage of the town or it may be allotted out of the said sum, the expenditure on account of drainage being limited to Rs 25,000

3 From the Secretary, General and Revenue Department, No 6355-6, dated 10th Februar 1905

Approves of the President's proposal and sanctions a sum of Rs 5,000 from State Funds as a loan repayable by the Shimoga Municipality on the usual conditions

Endorsement to the Comptroller, No. 6355-6, dated 10th February 1905

Forwards copy of the above

the extension operations on a Comprehensive scale so as to provide accommodation for all the families displaced by the demolition of houses. For this purpose, the President wants Rs 50000/-. He requests that the amount may be sanctioned either as a supplemental grant to the grant of Rs 30,000/- already sanctioned for the drainage of the town or paid out of that grant only, the expenditure on account of drainage being limited to Rs 25,000/- for the year current. If the proposal is approved by Govt, the statement received with the President's letter will be forwarded to the Comptr for publication the President being authorized to acquire the properties under the Land Acquisition Regulation.

Submitted for orders. The President has also stated that the localities were inspected by the 12th Councillors a few days ago.

The estimated closing balance of the Municipality on 31/1/05 is favourable to the amount of Rs 4,823/- as per statement submitted to the Council in June 1905.

3 I have recently my views as per amended by that from my Confidential notes ~~herewith returned~~, & have read the President's present communication. His Proposals may be approved with the modification that the addl sum of Rs 5000 asked for may be granted over and above the allotment of Rs 3000 sanctioned for Drainage works not as a free grant but as a repayable loan. The diversion of any portion of the said allotment from the Drainage purpose named to any other purpose is undesirable.

Extract from the First Councillor's Inspection Notes of the Shimoga District -

Subject - Improvement of the Shimoga Town

29th. Dece 1904 The extension of the town designed more than two years ago has not as yet made any real progress The President is in favor of a realignment of roads and lanes and a reallotment of sites after acquiring some more land not included in the original scheme I think he is right, but I am of opinion that in making this change there should be as little interference as possible with sites already given away and built upon, as otherwise we would be unsettling the minds of the people and shaking their confidence in the finality of our action in such matters People should be encouraged to build in the extension at an early date and the congestion visible in several parts of the town removed This is a somewhat costly work which the Municipal Board is wholly unable to undertake at once or in the near future from the limited funds at its disposal A small loan of Rs 5,000 seems required and this may be advanced by Government on condition of repayment by easy instalments from the Board's newly created source of revenue, to wit, toll collections which, though estimated at Rs 3,000 a year promise to amount to Rs 5,000, the monthly income till now being between Rs 400 and Rs 500 The President should place the matter before the Board and submit an application to Government as early as possible if he has not already done so

x x x x x x x x x x

Visited the Anglo-Vernacular School which is now located in a splendid building recently constructed at a large cost by Government but which has in its immediate vicinity certain unsightly and highly insanitary huts, the removal of which is urgently called for. Any small cost incurred in improving the surroundings of this institution would be money well spent

No 534/97 Ea2

Office of the President of the Shimoga Municipality

Dated, Shimoga, the January 1898

From.

M. S. Narayana Rao Esquire

President of the

Shimoga Municipality

To. B. K. Venkatavaradarajan Esquire

Secretary to the Government of Mysore

General and Revenue Department

Sir,

With reference to previous correspondence noted in the margin regarding the drainage and other improvements to be effected in the town of Shimoga, I have the honour to submit for the orders of Government a copy of a resolution of the Shimoga Municipal Council dated 5th December 1896 and to submit the following explanatory remarks in further explanation of that resolution

2. A prospect for the drainage

This office letter No 616/55 dated 13-4-98 to the Commissioner Revenue Dept No 3532-5 dated 6-5-98 Govt No 137-02

Office No 616 dated 13-4-98 enclosing sketch - No 4788 dated 17-5-98 137-02

Office No 462-137 dated 24-5-98 enclosing sketch No 92-5 dated 26-7-98 137-02

of the town is now under pre-
paration in the Office of the
Executive Engineer, Thana Division
and a sum of Rs 30,000 Rs has been
allotted for expenditure during the
current year The opening up of
congested parts in the town is also
a matter of equal importance and
even in connection with drainage (1)
Some new roads and lanes have
to be opened Here are besides
near the newly built Anglo-
Vernacular School Some unsightly
huts in close proximity to the
building which are a source of
danger to the School Some cases
of plague occurred in these huts
this season Before removing any
of these huts or other houses in
the town accommodation has to
be provided for families displaced
by the demolition of houses

Attempts

Attempts have been made to provide some sites near what is called the Durga Gridi extension but the scheme was not thought out in a comprehensive way and fails to give sufficient accommodation. It is now proposed to acquire the whole of private rights in a block of land measuring nearly 80 acres Making allowance for roads, conservancy lanes and other convenience this block is capable of being divided into about 450 building Sites, about a hundred of these will be marked off as sites for a better class of houses and the remainder will be given to the poorer classes At present there are in this block 12 tiled houses and 137 Sheds In re. allotting the sites, the former will be interfered

interfered with as little as possible and the operations will be merely confined to the removal and re allotment of sites for attached sheds In order however, to be armed with authority to deal with the whole block, I request that Government may authorize the acquisition of all these private properties in accordance with the provisions of the Land Acquisition Act A statement showing details of these properties is herewith submitted (3)

3 The order to improve the finances of the Municipality and enable it to repay the loan which Government have been asked to grant, the levy of tolls on carts has been sanctioned in Proceedings of Government No 1085-88 dated 8th August 1904 LF 137-02 It was at first estimated that (4)

that the revenue realized from this source will amount to Rs 3000/ a year But the experience of the last three months leads to a hope that a larger revenue will be realized as much as Rs 5000/ being safely expected In the revised Budget framed for the municipality for the current year the additional revenue from this source is put down at Rs 3000/ and on the expenditure side only 1000 Rs is provided for opening conservancy parts in the town No provision exists for forming the proposed extension for which a sum of Rs 5000/ is required immediately. Some portion of it is likely to be realized by the sale of sites but it cannot now be taken into account I beg therefore that

that a Special grant of 50000 Rs be sanctioned for the current year either as a Supplemental one to the allotment of 300000 Rs already made for drainage works or it may be allotted out of that sum, the expenditure on account of drainage being limited to Rs 25000/-

4. I request the favour of early orders on the subject as the matter is one of urgency and importance

5 I beg also to state that the site of the proposed extension, the limits in the vicinity of the Anglo-Vernacular School and other places requiring improvement were inspected by the 1st Commissioner a few days ago

I have the honour to be
Sir,
Your most obedient servant
Municipal
President of the
Rawalpindi Municipality
